

The Cross-Country Race 2025

Last Monday, the students from Berkley walked to Jansen Park to run the 2025 Cross Country. When we got there, everyone quietly sat down in their teams. Mr Leith used a megaphone to tell everyone what was going to happen.

The Year 7 boys ran second. Suddenly, bang! And off we ran! When the run started, I walked for a while to save my energy. I ran about half the race. When I started running, I passed many other students. When I saw the finish line, I ran even faster!

I thought I did well coming 38th. Next year, my goal is to finish in the top 30.
